the whole person.**

Prayer Healing Ministry

Many people are seeking help for deeper healing in their lives. Some have already received clinical treatment and/or counselling which has helped them reach an understanding of their problems and have learnt coping skills but feel they still haven't experienced complete healing.

The purpose of Prayer Healing Ministry is to allow God to heal the whole person.

Personal testimonies have been shared by people who have benefited greatly from experiencing this deep spiritual healing through receiving personal prayer ministry.

If God has placed on your heart a desire to either understand or to be involved in this area of ministry, we invite you to prayerfully consider attending this Prayer Healing Ministry Training Course.

As God grows and develops the spiritual gifts He gives to all to use for His work on earth, He is able to use our prayers to facilitate a deeper relationship between Jesus and the person being prayed for.

All healing comes from God.

The course is run by experienced and trained facilitators with many years of involvement in Prayer Healing Ministry. The course also includes prayer ministry demonstrations and practical workshops.
